

South Carolina Department of Health
and Environmental Control

PUBLIC NOTICE

Notice #: 11683-1 Permit #: 11683

Date: July 12, 2010

This notice is to inform the public that the S. C. Department of Health and Environmental Control (SCDHEC) is taking comments on a Corrective Action Plan (CAP). The CAP addresses cleanup of soil and groundwater contamination at the facility listed below. The contamination was caused by a petroleum release from the underground storage tank (UST) system at this facility. Based on current data, the contamination is below levels of concern and does not pose a threat to human health or the environment.

FACILITY: Whitey's Food Express #3, 1500 West 5th Street North, Ladson, SC

APPLICANT: Kocak Brothers, Inc., P.O. Box 125, Ladson, SC

SUMMARY OF CAP: Petroleum compounds naturally degrade over time through chemical, physical, and biological processes. These processes are called natural attenuation. SCDHEC has directed periodic groundwater monitoring to confirm natural attenuation and to verify that the contamination has remained below levels of concern.

PUBLIC COMMENT PERIOD DEADLINE: The **deadline** for submitting written comments is **July 26, 2010**. Any interested person(s) may submit written comments concerning the cleanup to the SCDHEC Project Manager listed below. Please bring this notice to the attention of persons whom you know will be interested in this matter. Where there is a significant degree of public interest, SCDHEC will hold a public hearing.

Joel P. Padgett, P.G.
SCDHEC- UST Program
2600 Bull Street
Columbia SC 29201
803-896-6398

CONTACT INFORMATION: For additional information, please call the Project Manager listed above. To view a copy of the CAP, contact the SCDHEC Freedom of Information Office at 803-898-3882.

Section 280.67 of the S.C. Underground Storage Tank Control Regulations (R.61-92) requires that any CAP prepared to meet the requirements of 280.66 be placed on notice for public comment.
